05 Demo

06 Lessons Learned

The image features a dark, moody background with a stylized illustration of a city in flames on the left. The city is composed of various geometric shapes in shades of purple, blue, and green, with orange and yellow flames rising from the base. A large, white, bold text "Outbreak" is positioned on the right side of the image. The overall style is graphic and minimalist.

Outbreak

01

Engagement Loop

What makes you keep playing

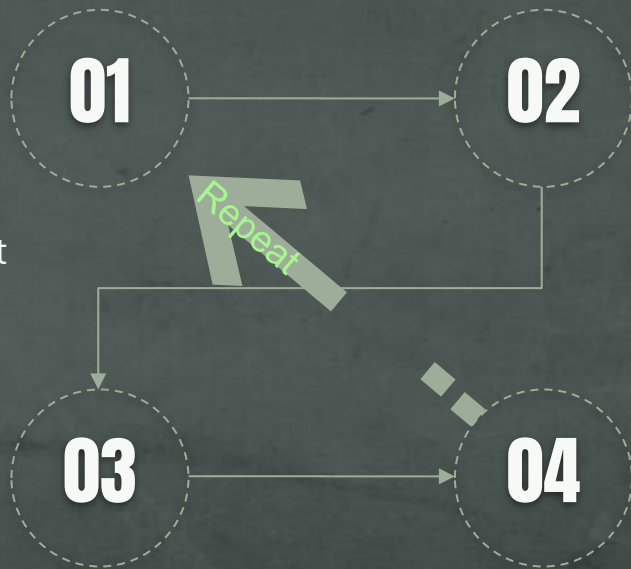

Engagement Loop

Explore

- Players start a new round and explore the environment.
- They search for weapons, resources, and strategic positions.
- Discovery creates excitement and variety.

Compete

- Players earn achievements for special feats.
- Leaderboards encourage them to improve and beat records.

Express

- Different weapons and rooms allow for individual strategies.
- Players decide how to approach the game — defensive or offensive
- Personalization increases identification and engagement.

Improve

- Players reflect on what worked and what didn't.
- They may change their loadout, tactics, or movement patterns.
- Learning and optimization keeps them engaged as they chase mastery and try new strategies.

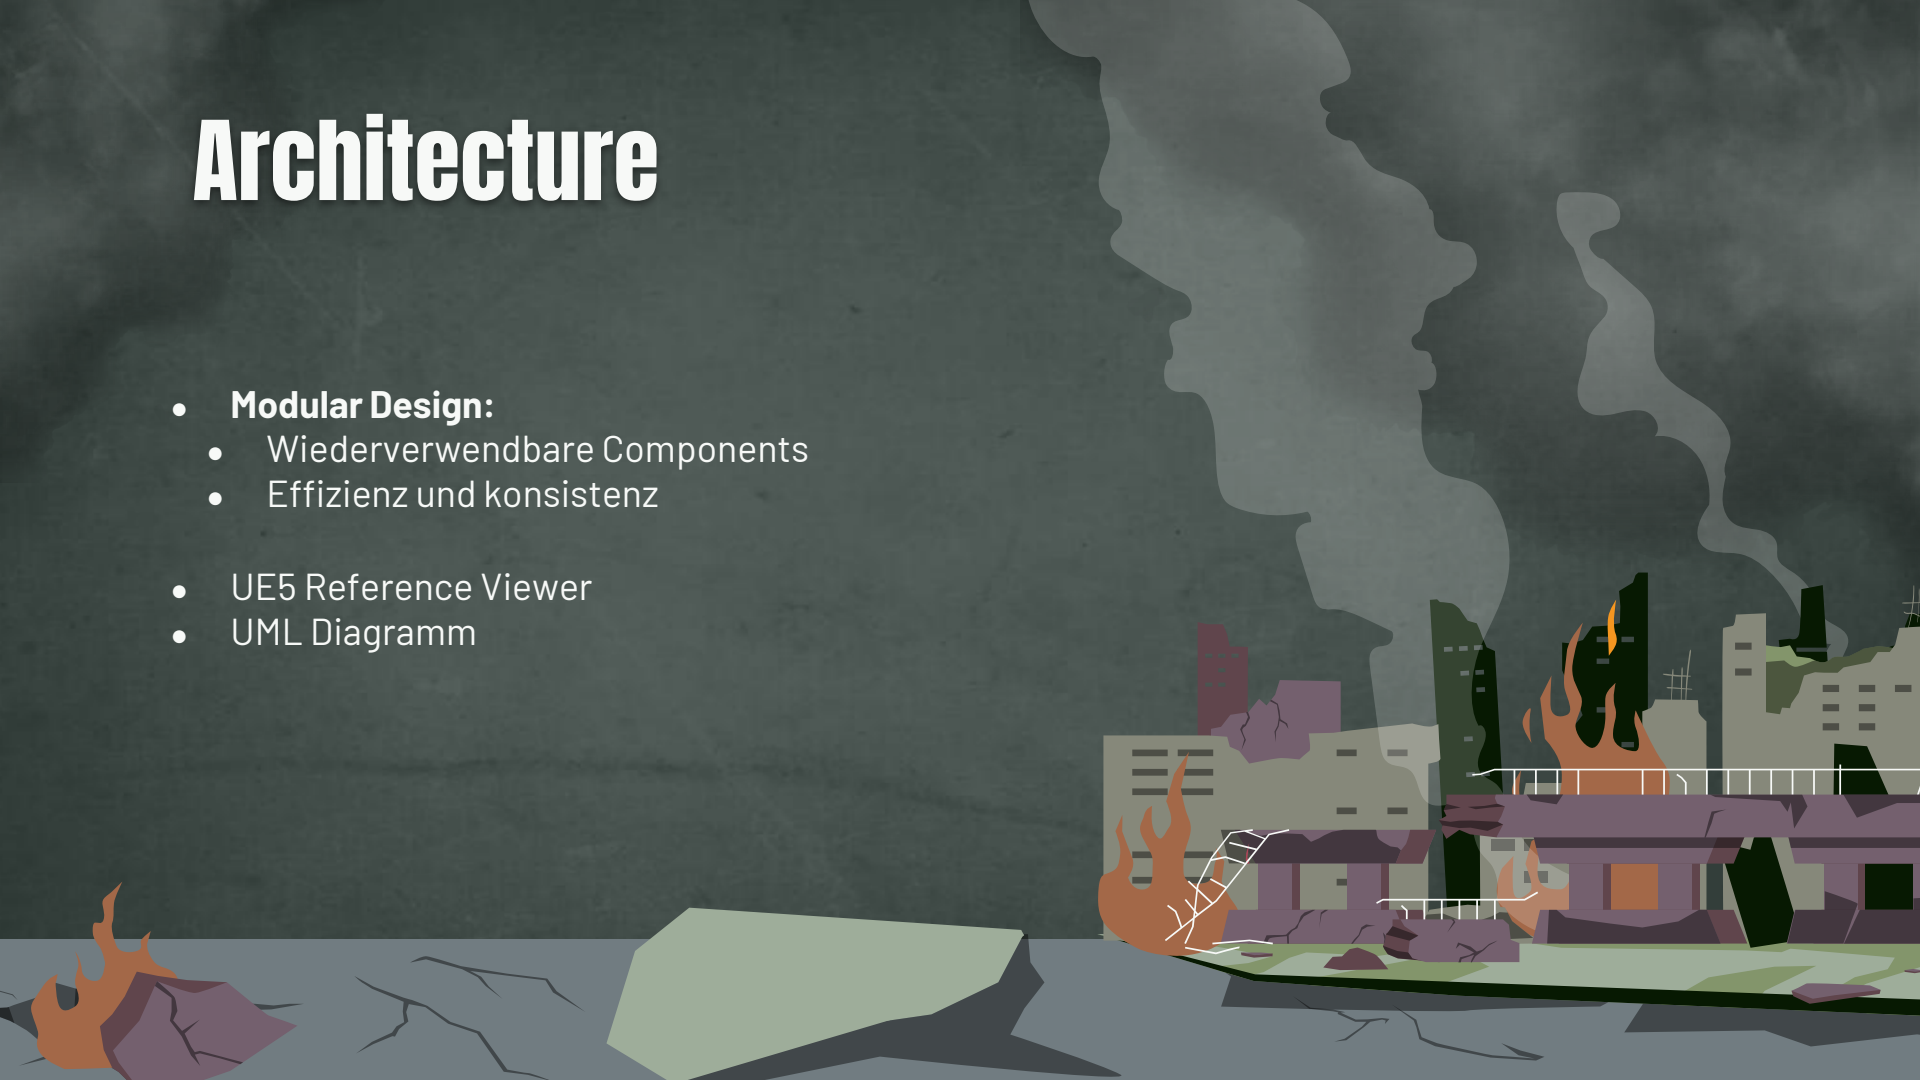

02

Architecture

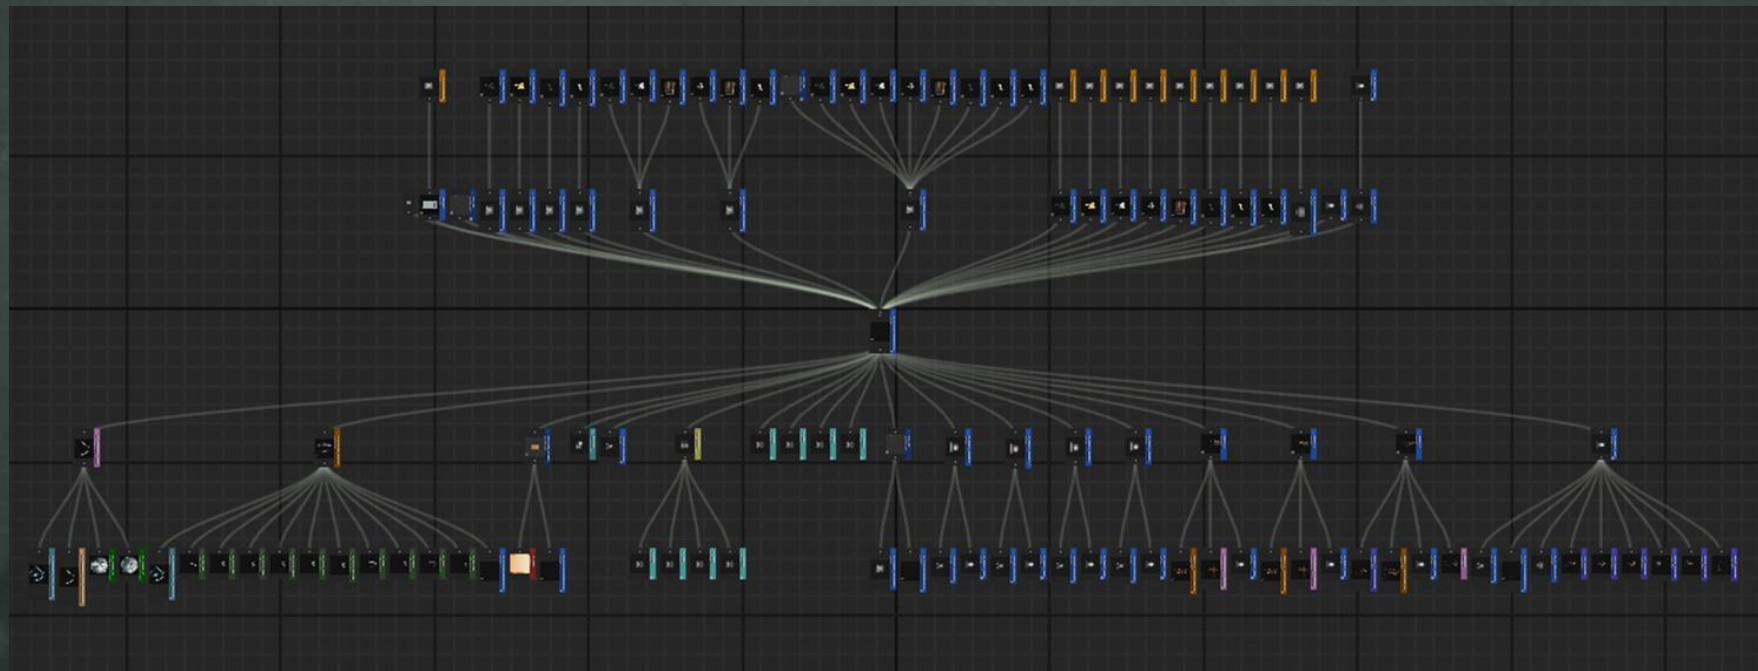

Architecture

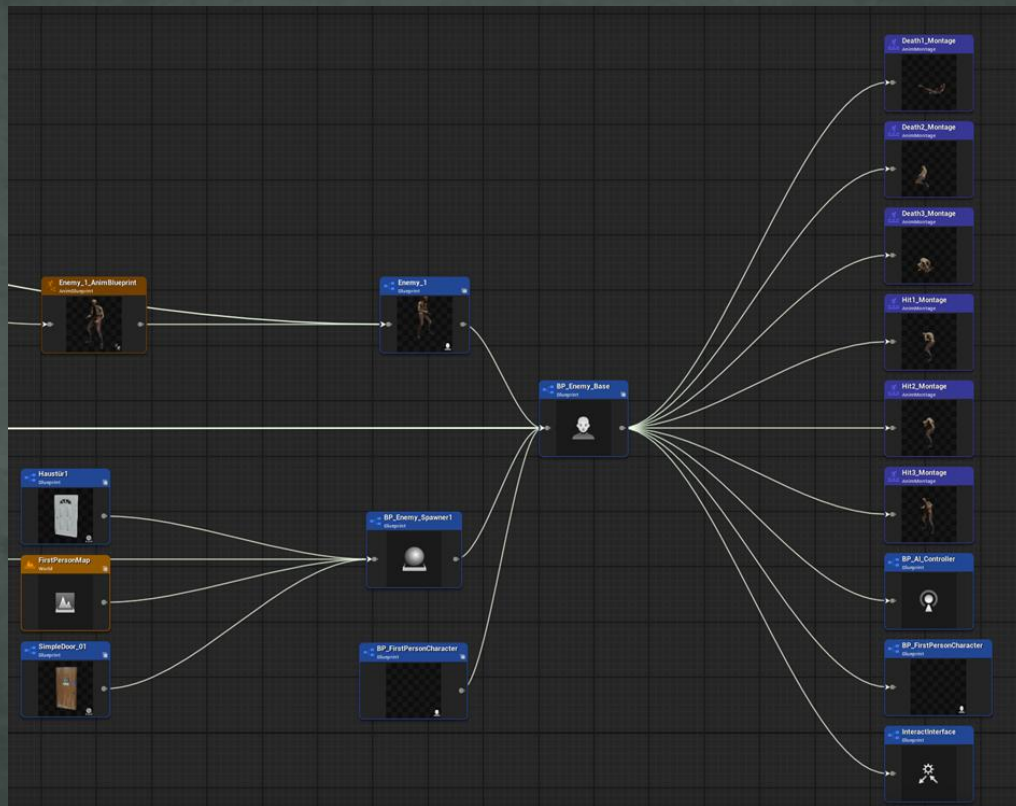

- **Modular Design:**
 - Wiederverwendbare Components
 - Effizienz und konsistenz
- UE5 Reference Viewer
- UML Diagramm

Analytics

What makes you keep playing

Addiction Loop

Task

- Players need to survive the zombie attack

Reward

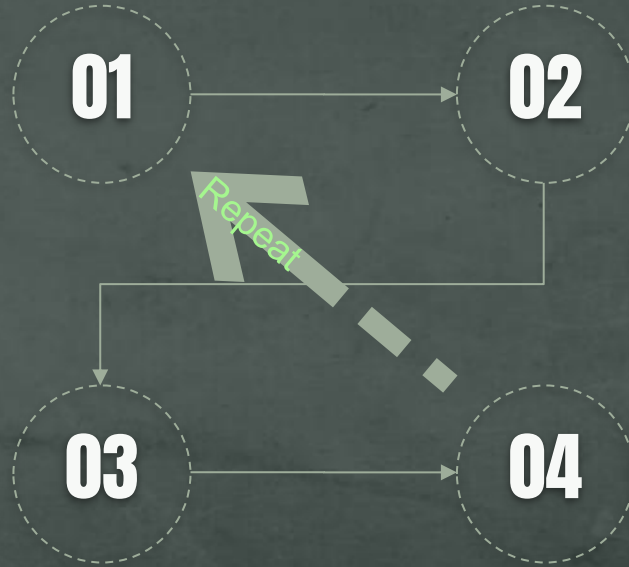

- Scores/ money that allows the unlock of new weapons and areas

Action

- Kill Zombies with starter weapon so they don't kill you

Challenge

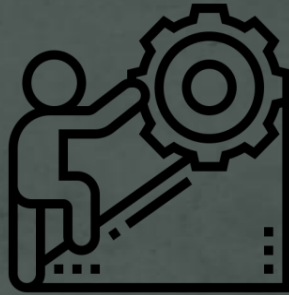

- By unlocking better gear, also the enemies get harder and players need to keep up.

Desired Emotions

Ambition

Tension

Pride

Milestones

Give Players a goal to work towards

Competition

Make Players compete in whos better

Ambition

Progress

Give Players the feeling to progress forward

Challenges

Game should get harder the further they get

Fear of losing

Create an actual
consequence when
losing

Ressource scarcity

Make Players hope to
find healing/ammo
somewhere or lock it
behind sth

Tension

Pressure

Players need to act, they
cant rest for too long

High scores

Make Players see when they beat their best and improved

Pride

Challenge

Give players the feeling they earned their progress, not got it random

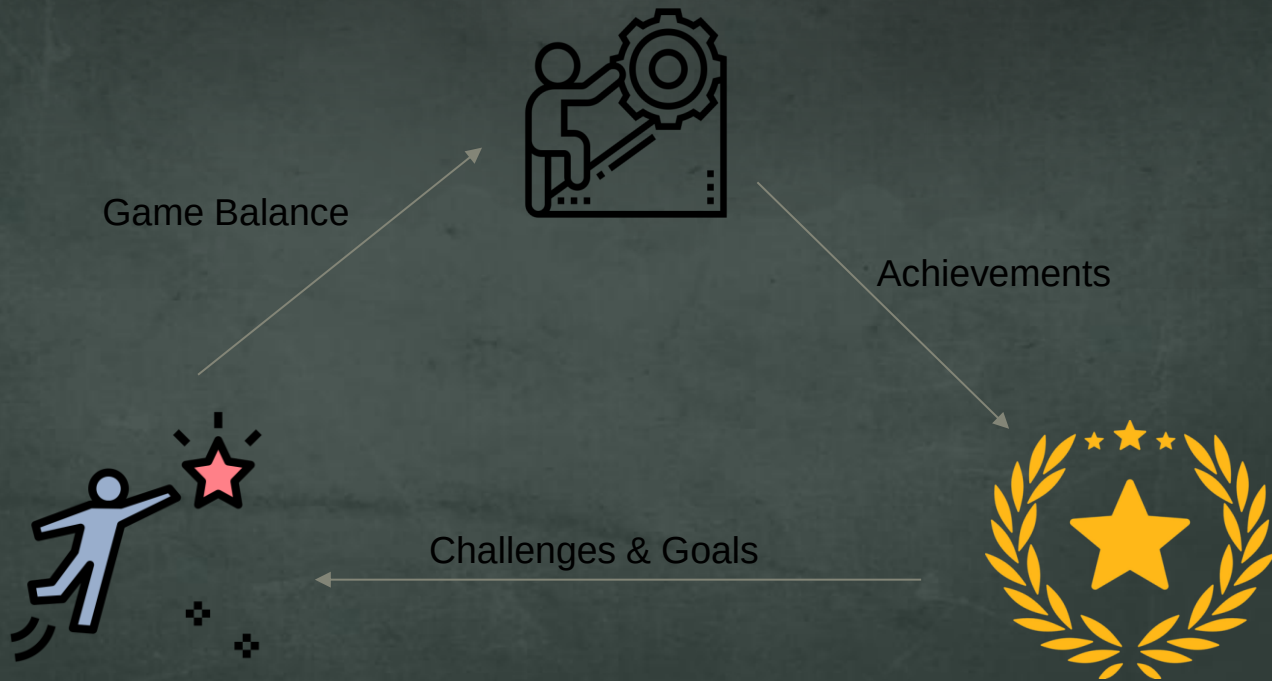

Achievements

Make the player reach goals they work for

Tracking Plan

Tracking Plan

Game Balance

- Enemy Power
 - Is there a type of Zombie players die often to?
- Weapon Strength
 - Is a weapon never used?
 - Is a weapon especially strong in a certain level?
- Weapon/Room costs
 - Are there rooms that are entered more often?

Achievements

- Fun after failing
 - Amount of games per session
 - Duration between Tries
- Near Miss Events
 - Divergence between normal rounds and "very good rounds"
- Quick Fail rounds
 - Divergence between normal rounds and "very bad rounds"

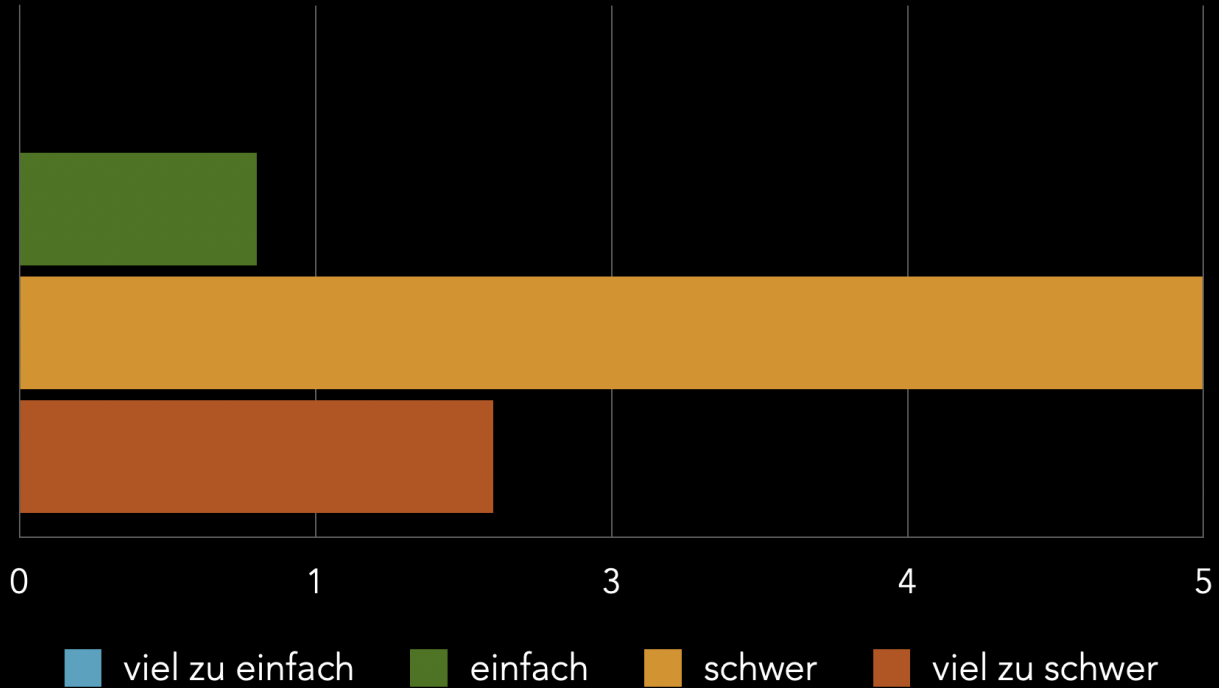

Challenges & Goals

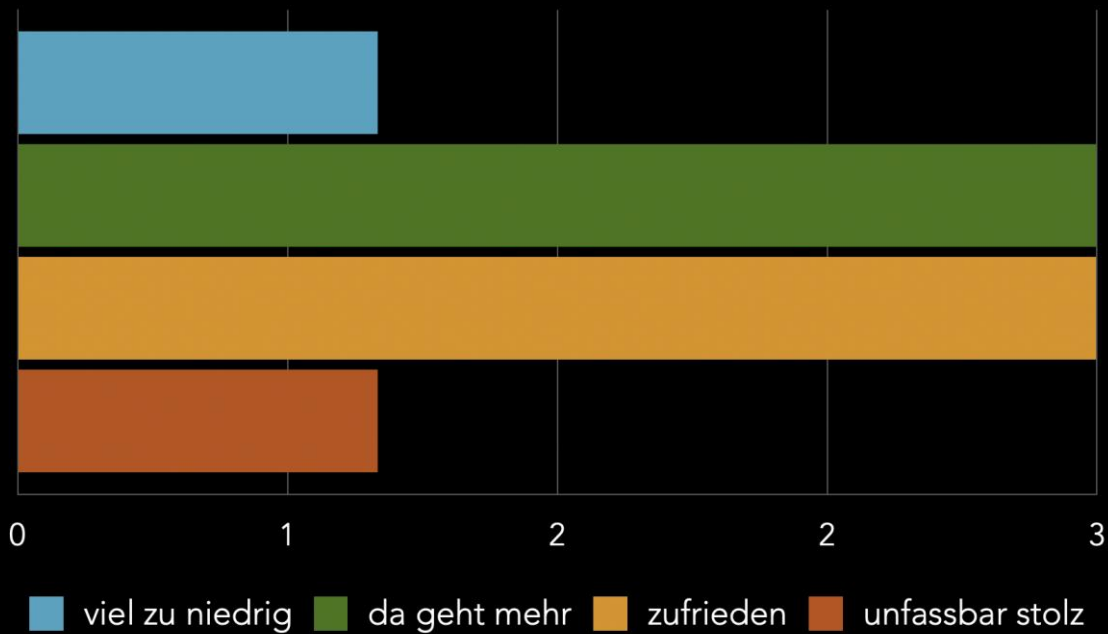

- Achievements & Duration
 - Does a player play Long after they unlocked an achievement?
 - Do players make active "achievement runs"?
 - Do players keep playing after getting an achievement?
- Games after High score
 - Do players keep playing after beating their highscore?

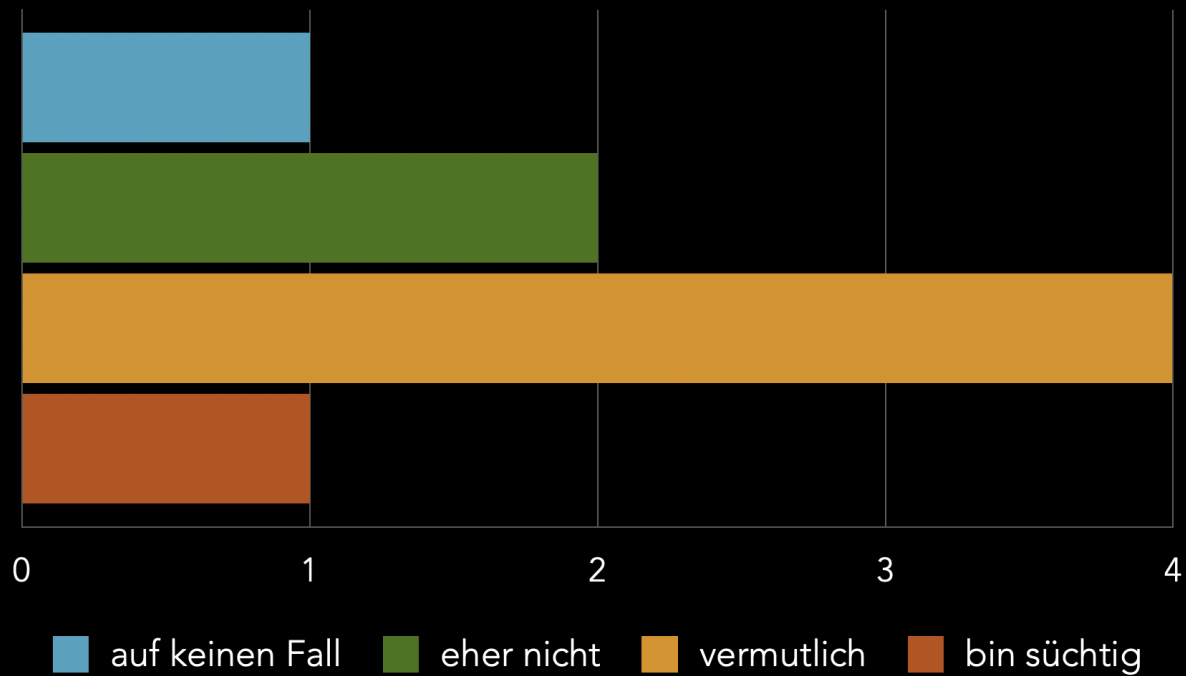

WIE SCHWER FANDEST DU DAS SPIEL?

WIE ZUFRIEDEN BIST DU MIT DEINEM HIGHSCORE?

WÜRDEST DU DAS SPIEL NOCHMAL SPIELEN

04
